FloorSure Gold
Underlay

Light Traffic | Carpet

Resilient PU foam with a **truly luxurious feel**

Feels great to feet
FloorSure Gold is made from a polyurethane foam that's light in weight, but gives your feet a real treat – warm and comfortable, coupled with a softness that feels simply gorgeous!

Brilliant bounce back
Performance under pressure – this is an underlay that retains its ability to spring back much better than a typical sponge rubber product, to help your carpet keep that 'just-fitted' look.

Light fantastic
While it's no lightweight in performance, FloorSure Gold's certainly much easier and safer to lift and handle compared with sponge rubber and felt underlays – thanks to its lightweight PU foam.
